

Math 6 Quizlet Instructions

The instructions below will allow you to access the Math 6 Quizlet account throughout the year to help you study.

1) Visit the following URL: www.quizlet.com

2) At the top left of the page, type in the search box: **roslynmath6**.

3) On the left side click  **roslynmath6**

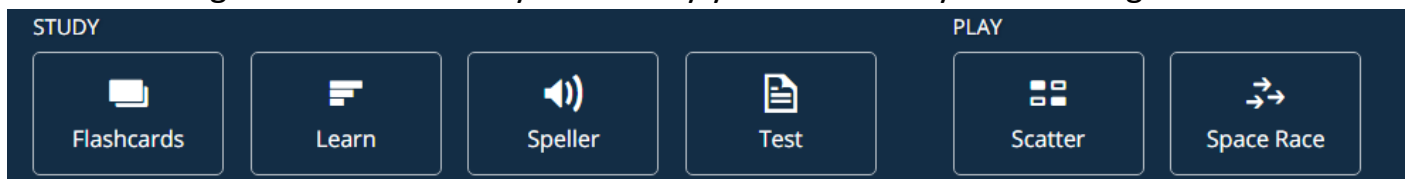

4) Click on **folders**  **roslynmath6**
Created (35) Studied Folders (4)

5) Click on

16 sets
Math (Fetters, Gizzi, Wood)

6) Click on the Study Set you would like review.

The following buttons will allow you to study your vocabulary words using different methods.

Memorize your vocabulary words in flashcard form. One side of the card has the word; the other side has the definition!

Type in the vocabulary word that matches the given definition.

Test your spelling by typing the word that the website says aloud.

Answer questions in the form of a test created by Quizlet.

A game where you need to match the vocabulary word with its definition to remove the cards from the playing table.

A game where you must beat the clock by typing the vocabulary word that matches the moving definition on the screen!
